

Pipe insulated for cooling systems "Polar" , packed in boxes (for systems with fancoil units, heat pumps)

PEX/AL/PEX Multilayer System for domestic hot and cold water supply and for air conditioning and heating systems. Modern and simple, this system combines the benefits of hi-tech multilayer pipes with specifically-developed brass fittings. With a few operations: cutting the pipe, chamfering, inserting the fitting and pressing, and the connection is finished with the utmost ease and at top speed!
